

Bo Memhave

Strategy Evangelist - is visionary, and has an entrepreneurial way of thinking, along with a strong perseverance and a problemsolving approach – which is put into play when directional and strategical results are needed.
Partner & Executive Advisor, ADGECROFT

Søren Sjøstrøm Hansen

Strategy Implementor – Deeply anchored in the discipline of finans, but still manages to look beneath the numbers, linking together strategical development, implementation, leadership development, and thereby securing long-term growth and sustainability during the financial decisions - (Profit, People, Planet).
Partner & Executive Advisor, ADGECROFT

They both have international leadership exposure and experience with cross-functional teams and matrix organizations. Solid experience with the B2B and B2C market in industries with production, retail, infotech, Advisory Engineer Business, construction, Biotech/Pharma.
"We have been in the 'hot seat' ourselves and understand the challenges that follows."

Strategy

The complex market-terms are requiring a clear but simple, easy comprehensible strategy process, embracing governance, and rules of the field that can manage strategies, decision-making processes, and behavior to success.
ADGECROFT proves, that strategic work does not have to be a complicated, long, and costly process.

Management consulting

Our strength is our ability to integrate a broad scale of experience and skills, as well as talents across strategies, change managements processes, employees, and technologies that meets the demands of being agile in the client's specific industry, business, and organization.

Portfolio and process control

At ADGECROFT, we help companies to manage required changes. By focusing on project impacts on business-specific processes, optimizing the abilities of the projects – always while focusing on the employees, accelerating changes, managing the overview, structure, and secure governance.

Play you talent / Play your Goals

The Play Your Talent software creates a new opportunity of having the right team throughout the entire strategy preparation and implementation process, to identify and fill out GAPS in the talents for securing a long-term winner strategy with commercial effect.
The Play Your Goals software creates an opportunity to manage business and behavior goals throughout the entire strategic process and following in the upcoming business.

"Focused Management Consulting"
- *that creates new changes with lasting effects e.g. by using the talents within the organization*

"We have been in the 'hot seat' ourselves and understand the challenges that follows."
